Standard programmable thermostat

## Enjoy the comfort. Pocket the savings.

*Now you can bask in comfort and save up to 30% on your annual heating/cooling costs. How? The Standard Programmable Thermostat from Honeywell. It automatically follows your schedule, maximizing your comfort, energy savings and convenience.*

As an ENERGY STAR partner, Honeywell has determined that this product meets the demanding ENERGY STAR guidelines for energy efficiency.

† ENERGY STAR is a service mark of the Environmental Protection Agency.

**Honeywell—the #1 choice of homeowners and contractors**  
**No other line of thermostats is more accurate**

Exceptional comfort • Energy savings • Easy to use • The name consumers know and trust

# Standard Programmable Thermostat

Easy to read display shows the day of the week, time, temperature and heating/cooling equipment status.

#### Four buttons

- ▲ raises the temperature setting (and sets time ahead)
- ▼ lowers the temperature setting (and sets time back)
- **Hold** overrides program temperature settings
- **Select** lets you access weekend and weekday schedules

Change the fan status. Select cooling or heating status.

## Save energy

Using a programmable thermostat is one of the smartest and simplest ways to trim heating and cooling costs. You can save up to \$200 on your heating and cooling bill per year. (See energy savings maps.)

Your Standard Programmable Thermostat arrives preset with an energy-saving schedule ready to fit many lifestyles. Or you can customize the schedule in just moments.

## Comfort for you

Your programmable thermostat keeps you comfortable in any season. The Standard Programmable Thermostat controls the temperature to within 1°F of the setting. (Flushmount models control within 2°F.) The smallest change people can detect is 2°F.

- It automatically adjusts to an energy-saving temperature when you're away or asleep.
- It automatically returns the home to a comfortable temperature just before you get up or get home.

## Key features

- 4 programmable periods a day to fit your lifestyle
- Separate weekday and weekend schedules
- Digital display shows the temperature and settings
- A memory chip retains settings in case of power failure
- "Backlit" display lets you see settings in the dark (T8002 model)

## Product notes

- T8000 powerstealing model for conventional, single-stage 24 Vac systems
- T8001 hardwired model for conventional, single-stage 24 Vac systems
- T8002 backlit, battery-powered model for conventional 24 Vac systems
- T8011 model for heat pump equipment
- T8024 model for multistage systems
- Flushmount models available in the T8001, T8011 and T8024 families
- Your heating and air-conditioning contractor will help you select a thermostat that is compatible with your lifestyle and heating/cooling system

## SAVE 6 TO 33% ON HEATING AND COOLING COSTS

### PERCENT OF HEATING COSTS YOU CAN SAVE

### PERCENT OF COOLING COSTS YOU CAN SAVE

\* YOUR SAVINGS DEPENDS ON HOME SIZE AND ACTUAL HEAT LOSS OR GAIN, GEOGRAPHIC LOCATION, FREQUENCY OF TEMPERATURE CHANGES, AND RANGE IN DEGREES OF CHANGE.

## Honeywell

Choose better indoor air for your family by installing Honeywell solutions. You'll enhance your comfort and peace of mind.

### Ultraviolet Air Treatment Systems

**Zap** airborne germs and prevent mold spore growth on air conditioning coils
